5 ***b0471/5.61*** “(4c) HEALTHY WISCONSIN PLAN.

6 (a) *Legislative findings.* In establishing the Healthy Wisconsin Plan under
7 chapter 260 of the statutes, as created by this act, the legislature finds all of the
8 following:

9 1. ‘Costs.’ Health care costs in Wisconsin are rising at an unsustainable rate
10 making the need for comprehensive reform urgent. Rising costs are seriously
11 threatening the ability of Wisconsin businesses to globally compete; farms to thrive;
12 government to provide needed services; schools to educate; and local citizens to form
13 new and successful business ventures. Some indicators of rising costs are the
14 following:

15 a. Total health care spending in Wisconsin in 2007 is projected to be \$42.3
16 billion, and is projected to grow 82 percent, to \$76.9 billion, in the next decade.

17 b. The cost of employer-provided health care in Wisconsin increased by 9.3
18 percent in 2006, averaging \$9,516 per employee. This figure is 26 percent more than
19 the national average.

20 c. Employee premium contributions and out-of-pocket costs are rising faster
21 than wages.

22 d. Rising costs have led to a decline in employer-provided health benefits. In
23 1979, 73 percent of private-sector Wisconsin workers had employer-based health
24 insurance coverage; however, only 57 percent received health benefits in 2004.

1 e. At least one-half of all personal bankruptcies in the United States are the
2 result of medical expenses. Over 75.7 percent of this group had insurance at the
3 onset of illness. In 2004, there were 13,454 medical bankruptcies in Wisconsin
4 affecting 37,360 people.

5 f. The costs of health services provided to individuals who are unable to pay are
6 shifted to others. Of the \$22 billion charged by hospitals in 2005, \$736,000,000 was
7 not collected. Those who bear the burden of this cost shift have an increasingly
8 difficult time paying their own health care costs.

9 2. 'Access.' There is a large and increasing number of people who have no health
10 insurance or who are underinsured. For this growing population, health care is
11 unaffordable and, most often, not received in the most timely and effective manner.
12 Some indicators of lack of access to health care are as follows:

13 a. Over one 500,000 Wisconsin residents were uninsured at any given point
14 during 2007.

15 b. Over 65 percent of the uninsured in Wisconsin are employed.

16 c. The uninsured are less likely to seek care and, thus, have poorer health
17 outcomes compared to the insured population.

18 d. In 2007, total spending on the uninsured in Wisconsin is projected to reach
19 over \$1,000,000,000. About 23.2 percent of this amount will be in the form of
20 uncompensated care; 21.7 percent will be provided through public programs; and
21 37.5 percent will be paid by the uninsured individuals.

22 3. 'Inequity.' The health care system contains inequities. Some indicators of
23 inequity are as follows:

1 a. Wisconsin businesses are competing on an uneven playing field. The
2 majority of Wisconsin businesses that do insure their workers are subsidizing those
3 businesses that are not paying their fair share for health care.

4 b. Our current system forces the sick and the aging to pay far higher premiums
5 than the healthy and those covered under group plans, rather than spreading the
6 risk across the broadest pool possible.

7 c. The uninsured face medical charges by hospitals, doctors, and other health
8 care providers that are 2.5 times what public and private health insurers pay.

9 4. 'Inefficiency.' Wisconsin does not have a clearly defined, integrated health
10 care system. Our health care system is complex, fragmented, and disease-focused
11 rather than health-focused, resulting in massive inefficiencies and placing
12 inordinate administrative burdens on health care professionals. Some indicators of
13 inefficiency are as follows:

14 a. Health care financing is accomplished through a patchwork of public
15 programs, private sector employer-sponsored self-insurance, commercial
16 insurance, and individual payers. The most recent study for Wisconsin estimates
17 that about 27 cents of every health care dollar is spent on marketing, overhead, and
18 administration, leaving only 73 cents left to deliver medical care.

19 b. This fragmentation and misaligned financial incentives lead, in some
20 instances, to excessive or inadequate care and create barriers to coordination and
21 accountability among health care professionals, payers, and patients.

22 c. The Institute of Medicine estimates that between 30 cents and 40 cents of
23 every health care dollar is spent on costs of poor quality — overuse, underuse,
24 misuse, duplication, system failures, unnecessary repetition, poor communication,
25 and inefficiency. Included in this inefficiency are an unacceptable number of adverse

1 events attributable to medical errors. Patients receive appropriate care based on
2 known "best practices" only about one-half of the time.

3 d. The best care results from the conscientious, explicit, and judicious use of
4 current best evidence and knowledge of patient values by well-trained, experienced
5 clinicians.

6 5. 'Limitations on reform.' Federal laws and programs, such as Medicaid,
7 Medicare, Tri-Care, and Champus, constrain Wisconsin's ability to establish
8 immediately a fully integrated health care system.

9 6. 'Wisconsin as a laboratory for the nation.' Wisconsin is in a unique position
10 to successfully implement major health care reform. Many providers are already
11 organized into comprehensive delivery systems and have launched innovative pilot
12 programs to improve both the quality and efficiency of their care. Wisconsin is at the
13 forefront in developing systems for health information transparency. Organizations
14 such as the Wisconsin Collaborative for Healthcare Quality, Wisconsin Health
15 Information Organization, and the Wisconsin Hospital Association have launched
16 ambitious projects to provide data on quality, safety, and pricing.

17 (b) *Initial terms of Healthy Wisconsin Authority board.* Notwithstanding the
18 lengths of terms of the members of the board of the Healthy Wisconsin Authority
19 specified in section 260.05 (1) of the statutes, as created by this act, the initial
20 members shall be appointed for the following terms:

21 1. One member each from section 260.05 (1) (a), (b), and (g) of the statutes, as
22 created by this act, for terms that expire on July 1, 2009.

23 2. One member each from section 260.05 (1) (a), (b), and (e) of the statutes, as
24 created by this act, for terms that expire on July 1, 2010.

1 3. One member each from section 260.05 (1) (c), (e), and (g) of the statutes, as
2 created by this act, for terms that expire on July 1, 2011.

3 4. One member each from section 260.05 (1) (d), (f), and (g) of the statutes, as
4 created by this act, for terms that expire on July 1, 2012.

5 5. One member each from section 260.05 (1) (a) and (b) of the statutes, as
6 created by this act, for terms that expire on July 1, 2013.

7 6. One member each from section 260.05 (1) (a) and (b) of the statutes, as
8 created by this act, for terms that expire on July 1, 2014.

9 (c) *Provisional appointments.* Notwithstanding the requirement for senate
10 confirmation of the appointment of the members of the board of the Healthy
11 Wisconsin Authority under section 260.05 (1) of the statutes, as created by this act,
12 the initial members may be provisionally appointed by the governor, subject to
13 confirmation by the senate. Any such appointment shall be in full force until acted
14 upon by the senate, and when confirmed by the senate shall continue for the
15 remainder of the term, or until a successor is chosen and qualifies. A provisional
16 appointee may exercise all of the powers and duties of the office to which such person
17 is appointed during the time in which the appointee qualifies. Any appointment
18 made under this subsection that is withdrawn or rejected by the senate shall lapse.
19 When a provisional appointment lapses, a vacancy occurs. Whenever a new
20 legislature is organized, any appointments then pending before the senate shall be
21 referred by the president to the appropriate standing committee of the newly
22 organized senate.

23 (d) *Property tax credit.* If with respect to levies imposed for 2009, any taxing
24 jurisdiction, as defined in section 74.01 (7) of the statutes, reduces the costs of
25 providing health care coverage to its employees as a result of providing that coverage

1 under the Healthy Wisconsin Plan under chapter 260 of the statutes, as created by
2 this act, together with any supplemental coverage needed to ensure that the health
3 care coverage provided to employees of the taxing jurisdiction is actuarially
4 equivalent to the coverage they received in 2008, the taxing jurisdiction shall
5 distribute at least 50 percent of the savings to the property taxpayers in the taxing
6 jurisdiction as a reduction in the property tax assessments as of January 1, 2009.
7 The reduction shall be calculated based on the equalized value of the property, as
8 determined under section 70.57 of the statutes, and shall reduce the property taxes
9 otherwise payable in that year.”.
